Snow White's new friend leads her into a small cottage.

"What cute little chairs," says Snow White.

"My, they are dusty!" Snow White dusts the little chairs.

"Just look at these cups!" says Snow White.

Snow White washes the cups. "There must be seven untidy children living here," she tells her friend.

"And look at their shirts!" says Snow White.

"They all need mending."

Snow White's little friend brings the thread.

Snow White tiptoes upstairs. "What darling beds!"

says Snow White. "None of them are made!"

Snow White's little friend whistles as Snow White

makes the beds.

Snow White is tired. Her friend sings her to sleep. When Snow White wakes up, she sees the Seven Dwarfs. The Seven Dwarfs ask Snow White to stay!

Snow White is very busy getting the cottage ready for her seven new friends. Press the keypad to hear Snow White talk, and a little bird sing, in this charming tale based on the classic Disney film,

Snow White and the Seven Dwarfs.

To order replacement batteries for your First Play-a-Sound book, send check or money order for $3.99 (U.S.) and your mailing address to Publications International, Ltd., P.O. Box 8093—Department B6, Wisconsin Rapids, Wisconsin 54495-8093. Your three replacement batteries plus a free screwdriver and replacement screw will arrive within 3 to 4 weeks. For faster service, call 1-800-576-7595.

Instructions for Battery Replacement
A child should never use this product unless the battery compartment cover has been properly secured. Only an adult should replace batteries. Use a Phillips screwdriver to remove the screw. Slide the battery compartment cover open. Remove the old batteries and dispose immediately. Install new batteries with the plus (+) sign facing up. Close the cover and secure it with the screw. Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries. Do not recharge non-rechargeable batteries. This product uses three AG-13 button cell batteries (3 x 1.5V=4.5V). Use batteries of the same or equivalent type as recommended. The supply terminals are not to be short-circuited. Batteries should be changed when sounds mix, distort, or become otherwise unintelligible as batteries weaken. Conforms to the safety requirements of ASTM F963.
